

SQUADRON GRAPHICS

"Largest Producer of full-color, historical aviation artwork. Visit our website for a current listing of over 500+ prints"

phone: 1.800.275.0986	url: www.squadrongraphics.com	catalog: 11-2017
-----------------------	---	------------------

Our artwork is technically superior. Each subject is photographed and then a full-color original artwork of that aircraft is produced by one of several fine aviation artists commissioned to work within the series. The exacting portrayal of the specific aircraft as seen on a given date is accurate down to the smallest detail, which is why the Squadron Graphics series is unmatched.

Get Your Print Done?

Want to add your print to the best Aviation Series in the World? Go to our website and download the information package, or contact us from the website or by phone. It's easy with us as we walk you through the entire process.—Talk to you soon.

Get Your UPT Class Patch Prints!

Squadron Graphics has been the Series of Pilot Training for nearly 30 years now providing memories of a special time in the lives of new pilots and their families. We have expanded our Series to now include for the first time – Class Patch Prints. These are done in conjunction with each Class as a Class Project. We will produce different signed and numbered limited edition prints – for each of the three aircraft that you are training in – the T-6A "Texan II", the T-1A "Jayhawk" and the T-38C "Talon". Each new print will be a Limited Edition of 100 signed and numbered prints based upon those existing airplane prints at your base. We will normally add the Class Patch above the aircraft and centered. Some Classes also request that we add or remove other patches – for example, they might have us add the Flight patch of the T-6 Flight that they were assigned to for training (please provide those patches). The first step is appointing a Project Officer to act as our "Point of Contact" (POC) with the Class. Since contact has already been initiated, the chances are good that your POC has already been identified – it is you. Go to our website and contact us, providing us with your name, rank, UPT Class #, which T-6A Squadron and email addresses, and your cell, work and home phone numbers. This will allow us to get in contact quickly when we need to know something and prevent unnecessary delays. The Project Officer will be assisting in the production of the Class Patch Print and providing the Class Patch and Flight Patches in digital files as attachments.

17" x 12" Full-Color Editions	Visit www.squadrongraphics.com for the complete listing of prints
Standard Prints (LE: Limited Edition) • Unframed: \$26.00* • Framed/Double Matted: \$74.95 to 89.95*
